DETAILED ACTION

Claims 14-22 and 24-46 are pending in the application.

This action is in response to applicants' amendment filed December 15, 2003.

Claims 14, 22 and 25 have been amended, claim 23 has been canceled and claims 27-46 are newly added.

Response to Amendment

Applicant's amendments filed December 15, 2003 have been fully considered with the following effect:

1. With regards to the rejection as being drawn to an improper Markush group of the last office action, the applicant's stated that this rejection/objection is moot in view of the revision of the claim set to be directed to the subject matter of elected Group III. However, this is not so with respect to the definition of Y¹ and Y² where Y¹ and Y² may couple to each other to form an alkylene group which may be through an oxygen, nitrogen or sulfur atom.

Claims 14-22, 24-26 and newly added claims 27-45 are rejected as being drawn to an improper Markush group, for reasons of record and stated above.

2. The applicant's amendments and arguments are sufficient to overcome the 35 USC § 112, second paragraph rejections of claims 14-26 labeled paragraph 4 of the last office action, which are hereby **withdrawn**.

In view of the amendment dated December 15, 2003, the following new grounds of rejection apply:

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter, which the applicant regards as his invention.

3. Claim 28 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The following reasons apply:

- a) Claim 28 is vague and indefinite in that it is not known what is meant by naphtyl.

Claim Objections

4. Claim 46 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the

Art Unit: 1624

shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
